

**3rd Meeting of the
Central and South Asia Counter Narcotics Security Working Group (CSACNSWG)**

28 - 30 November 2006, Vienna, Austria

Meetings of the Senior Executive Council (SEC) and the Capacity Building Subgroup (CBSG)

Co-organized with the United Nations Office on Drugs and Crime (UNODC) and the United States Central Command (USCENTCOM); chaired by the Government of the Kyrgyz Republic

This was the third meeting of the CSACNSWG after prior meetings held in November 2005 (Garmisch-Partenkirchen, Germany) and May 2006 (Dushanbe, Tajikistan). The CSACNSWG serves as a permanent body to address regional counter-narcotic issues and its focus is to improve - via regional cooperation - efforts to curb opium cultivation, provide alternative livelihoods, and the interdiction of narcotics in the region. The purpose of this meeting was to conduct a full meeting of the SEC, preceded by a meeting of the CBSG, and to review progress to date from the two existing subgroups on capacity building and information sharing. Specific objectives of the meeting were:

- Conduct a CBSG meeting and present its results to the SEC
- Present results from the initial meeting of the Information Sharing Subgroup (ISSG) held in September 06
- Conduct a full business meeting of the SEC to include developing a two-year schedule of meetings, determining the venue, dates and chair/host, and providing definitive guidance to chartered subgroups
